

Contingency Plan for Remote Learning Guide for Parents

In the case of your child being ill with Covid symptoms the class teacher will continue to do their weekly check in phone call. When your child is recovered, and after 10 days of them first displaying symptoms, they will return to school. If during this time you feel your child is well enough to access some learning please use their home learning pack, which has now come home with them.

In the case of your child having to self- isolate due to someone in the household awaiting test results you will have to hand your child's home learning pack, which includes a variety of physical learning activities and links to learning online. Your class teacher will also contact you and talk through the additional home learning opportunities which are accessible on your child's class page on the school website. Your class teacher will also set weekly work on Education City.

In the case of a 'Bubble' closure, we are committed to continuing to support your child's wellbeing and learning. We aim do this by using a variety of approaches including the use of Microsoft Teams, online learning programmes and physical learning packs. Our aim is for learning at Gosden House to remain as hands-on as possible, so we can continue to meet the individual needs of our learners and ensure they still feel connected to the Gosden House community.

In the event of a bubble closure, our staff will:

- Provide learning activities ideas, useful links, teams and education city log-ins. They will offer guidance as to the level that your child is currently learning at so you can be guided as to what level learning activities to look at on links provided, including BBC Bite size and White Rose Maths.
- Provide a Learning Pack with a variety of level appropriate learning resources you can use with your child to support their learning.
- Provide your child with weekly and differentiated 'Hands on Learning' Activity Cards, through Microsoft Teams.
- Aim to provide your child with a 1:1 shared reading session with a Teaching Assistant on Microsoft Teams every other day.

Contingency Plan for Remote Learning Guide for Parents

- Hold a daily morning and end of day registration through Microsoft Teams, so we can check in with your child.
- A member of your child's class team will ring once a week to check in with you, provide feedback and celebrate learning and offer pastoral support.
- Your child will have access to weekly English, Maths and Science on Education City.
- We will continue to communicate regularly with you through the school website, parent mail, Newsletter and weekly phone calls.
- There will be a class page on the school website that will have learning links, activity cards and a pre-recorded video from teachers.

Parents/Carers will be expected to:

- Communicate with the school when contacted, including the weekly teacher phone call.
- Support your child with the learning they have been set by their teacher.
- Listen to your child read for at least 10 minutes per day.
- Read all communications that come out from the school to ensure you are fully aware and up to date with news.

With parental support our pupils will be expected to:

- Read independently or to their parent/carer for 10 minutes every day.
- Complete weekly learning tasks and activities provided by the class teacher.
- Log on to the Microsoft teams registration time each morning, take part in morning registration and complete learning activities.
- Complete learning set to the best of their ability.
- Take part in 1:1 shared reading sessions.
- Share their learning with their class team.

How to access work: This information will be in the letter from your teachers providing learning links, info about your child's learning pack and relevant log-ins.

Communication

We will continue to communicate regularly with families through the school website, parent mail, Newsletter, via MS Teams and weekly phone call.
